

THE BLAIRMORE ENTERPRISE

VOL. XVIII, No. 6.

THE BLAIRMORE ENTERPRISE, THURSDAY, FEBRUARY 10, 1927.

COLEMAN B.P.O.E. OFFICERS INSTALLED

At the regular meeting of Coleman Lodge of the Benevolent and Protective Order of Elks, on Friday night last, the officers for the ensuing year were duly installed as follows by District Deputy Grand Exalted Ruler Robert Gray, of Blairmore:

Past Exalted Ruler—Alex. M. Morrison.
Exalted Ruler—Ross Powell.
Esteemed Leading Knight—James Lote.
Esteemed Loyal Knight—G. Brown.
Esteemed Lecturing Knight—R. F. Barnes.
Treasurer—Charles S. Oumette.
Secretary—W. L. Rippon.
Enquire—H. West.
Chaplain—
Inside Guard—James M. Allan.
Tyler—
Trustees—

KNIGHTS OF PYTHIAS TO HOLD BIRTHDAY PARTY

Following the regular meeting of Livingstone Lodge No. 22, Knights of Pythias, tomorrow night, a social will be held to celebrate the fourth anniversary of the institution of the lodge. Livingstone Lodge was constituted on the evening of February 2nd, 1923, and has had a very successful four years. The meeting will be called to order at 7 p.m.

FINAL MEETING OF THE OLD COUNCIL

The final meeting of the town council as at present constituted took place on Monday night, with Mayor Farmer and all councillors present.

The minutes of previous regular meeting were approved and read and a number of accounts were passed for payment.

A communication was received from the local agent of the Imperial Oil Co., asking permission to erect a second gasoline storage tank on their property near the C.P.R. depot, the tank to be erected on the east side of their present tank. The communication was tabled to be considered by the incoming council.

The offer of W. A. Beebe of a nuisance ground site south of the Canada Cement Co.'s property for a consideration of \$800 was also tabled to be considered by the new council.

The council decided that the new electric fire alarm was not suitable and to return same at once.

A census of the town, taken recently by J. A. McDonald, was submitted, and the following motion in that connection was passed:

"Patterson-Sartoris—That the census taken and compiled by John Archie McDonald, in pursuance of By-Law No. 93, and the accompanying statutory declaration verifying the taking and compilation thereof, be received and filed."

SUBSCRIBE TODAY!

COME OUT, YOU SPORTS!

Tomorrow night sport fans of the whole Crow's Nest Pass will have the biggest reason of their lives to howl and root. The side walls and roof of the big arena are being reinforced with steel girders, so there will be less danger of the roof rising as a result of the howls. Bellevue's population today is around eleven hundred and we understand that the roll call will take place at 7.45 sharp at the Blairmore arena and absentees, if any, will be noted.

The best hockey of the season has been dished out by the Bellevue and Blairmore Juveniles and tomorrow night's game will be one for a finish.

These teams have already met six times to decide the championship of the Crow's Nest Pass. They have tied several times and were a tie at the end of the fifth game with four teen goals each. The sixth game was played in Blairmore last week and resulted in a two-one score, but Bellevue entered a protest, claiming a goal that was doubtful. The local lads were sporty enough to allow Bellevue the benefit of the doubt and asked for a re-play. That re-play will take place tomorrow night. An outside, absolutely independent referee, will handle the game.

All Blairmore should and we hope will see this game. All the Pass are interested and the attendance will likely be the biggest in the history of the arena.

The game starts promptly at 8 o'clock. The winner will play at Calgary about Monday.

Admission will be 35c and 15c.

AT THE ORPHEUM SATURDAY

A special vaudeville attraction will be featured at the Orpheum Theatre on Saturday afternoon and night. Silver Brothers' Players, under the direction of D. Jackson, will present "Golden Gulch," a real old-time melodrama of the mining days, together with their special high-class vaudeville. In addition, there will be shown seven reels of a First National picture, entitled "The Dancer of Paris," starring Conway Tearle, supported by Dorothy Mackaill.

ODDFELLOWS HOLD DISTRICT MEETING

A regularly called meeting of District No. 6 of the Alberta Jurisdiction of the Independent Order of Oddfellows was held at Cowley on Tuesday night under the order of "Good and Welfare" of the local lodge. The attendance was the largest in the history of Cowley lodge, there being representatives present from as far east as Nova Scotia and all lodges in the district.

Deputy Grand Master V. V. Christie, of Cardston, was in attendance. Following the meeting, refreshments were served, followed by a program of readings, speeches, etc.

The district meeting was presided over by George Ritson, D.D.G.M. Bro. W. J. Burns, of Coleman, was nominated to succeed Bro. Ritson as district deputy grand master for the year 1927.

A pleasing feature of the meeting was the presentation of a veteran's jewel to Bro. Hugh D. McMillan, the genial proprietor of the Cowley hotel. The presentation was made on behalf of Cowley Lodge by Bro. V. V. Christie, the deputy grand master. Bro. McMillan has been a member of the order for close on thirty years.

A young citizen of Macleod paid his first visit to the mountains this week and spent yesterday in Blairmore. During the day he became intensely interested in the beautiful surrounding mountains and was continually gazing up at them with a gaping mouth. He now complains of sunburnt tonsils.

COUNCILLORS AND TRUSTEES ELECTED BY ACCLAMATION

Very little interest was manifested in Monday's nominations for candidates to fill the various vacancies on the town council and board of school trustees, just sufficient names having been handed in to permit all being declared elected by acclamation, as follows:

For Mayor—J. H. Farmer. (re-elected).

For Council—Mark Sartoris (re-elected), William McVey, Thomas Marshall Hamilton and Capt W. A. Beebe, the first three to serve on the council for two years, the last named, W. A. Beebe, to serve the unexpired term of J. E. Gillis, one year.

For School Trustees—Christopher J. Tompkins, John Angus McDonald and W. H. Chappell (re-elected). Although Mr. Chappell had expressed a desire to be relieved of such duties for a while, sufficient pressure was brought to bear upon him to again fill a position on the board. All three are to serve two-year terms.

The personnel of the 1927 council and school board will thus be as follows:

Mayor—James H. Farmer.

Councillors—Evan Morgan, Arthur E. Ferguson, W. A. Beebe, Mark Sartoris, William McVey and Marshall Hamilton.

School Trustees—R. W. H. Pinkney, W. A. Beebe, W. H. Chappell, C. J. Tompkins and J. Angus McDonald.

Mr. Beebe is an old timer on the council, having served several terms as a councillor and deputy mayor since the town became incorporated. Prior to that time he was general overseer of the village of Blairmore and the school district for the greater part of the time from his landing here in 1902 up to 1908 or 1909, during which time he has been an interested witness of the growth and upbuilding of Blairmore and district. His general knowledge of municipal matters makes him fully capable of representing the ratepayers. Mrs. Chappell had already served the district as a school trustee for several terms and but recently expressed a desire to retire from such active service. He is well posted on school matters and has always taken considerable interest in educational matters. During his regime as a board member, Blairmore suffered the loss of one of the most efficient teaching staffs in the province of Alberta. Mr. Chappell is the only representative of the four-dollar ratepayers on the board. Mr. McDonald and Mr. Tompkins are both well known established property holders and are in a position to serve the school district well. Both have families grown up to such extent that their eldest children have already entered the teaching profession.

The funerals of three of the McGillivray mine disaster victims, Alex. Leitch, Mike Yurek and Tom Young, took place at Coleman on Friday afternoon last and were very largely attended. The remains of M. Yurek were laid to rest in the Catholic cemetery, those of Young and Leitch in the general Protestant cemetery. Tom Young was a member of Coleman Lodge B.P.O.E. and the L.O.L., and members of these orders were in attendance. The last rites of the Masonic Order were administered at the graveside of A. Leitch.

The department of customs and excise, through William Gates, the Fernie collector, has called for tenders for the construction of a building to be erected in the Flathead district, near the international boundary. The locality in which the proposed structure is to be built is generally in the province, 35 to 40 miles south of Corbin and to the north of Glacier National park.

PIANO AND VIOLIN RECITAL, THURSDAY NEXT

Bear in mind the recital to be held in the Moose hall on Thursday night of next week by the pupils of Miss Chardion and Mr. Moser. A real treat

is in store for those interested in pianoforte and violin music. The public are invited. The small fee of 25 cents will be charged.

A. Muts, of Vulcan, paid a visit to Fernie and Blairmore this week.

FOR OVER 30 YEARS

the record of Red Rose Tea is a record of steady progress.

To keep up with the extra demand during 1926 and to further improve the method of packing, so the quality of this fine tea will be more surely protected, the Red Rose Tea packing plant has been completely transformed.

The story of this change will be told in later advertisements.

RED ROSE TEA

"is good tea"

RED ROSE ORANGE PEKOE is extra good.

Solving Western Problems

Dr. H. M. Tory, president of the National Research Council and also of the University of Alberta, making appeal in a recent issue of a Canadian periodical for greater aid in the work of research in Canada, says: "Such an organization could in a few years be made to mean far more to industry than all the petty tariff changes about which there is so much agitation."

Dr. Tory is a man of sound economic views, is above playing the game of party politics, and is one whose opinions carry great weight throughout this whole western country, and, indeed, to an increasing extent throughout the Dominion. His words, above quoted, are, therefore, deserving of attention.

The truth of this statement can hardly be questioned, because, by making production more efficient greater help will be brought to industry in all its branches than can possibly be done by any tariff. Efficiency in one branch of industry, namely all other branches where tariff changes, which are designed to help one particular industry or group of industries very frequently operates to the disadvantage of other industries more or less dependent upon the first group.

The National Research Council is, within the limits of its comparatively small income, practicing what its president preaches as to the undoubted benefits of scientific research applied to the needs of industry. A few days ago announcement was made that research work of really vital importance to all the wheat farmers of western Canada is to be carried on at all the provincial universities of the three prairie provinces in association with the Dominion grain research laboratory at Winnipeg. The particular problem to be tackled is damp and tough grain, the importance of which will be appreciated by every farmer who has sustained loss during the present crop season.

The National Research Council some time ago appointed a special committee on grain research to study various problems connected with the production and marketing of grain, including factors affecting milling and baking quality, commercial grading, and diseases affecting grain plants, particularly rust. This committee now proposes an immediate survey of the methods employed in grain drying, to be followed by a study of the different methods with a view to determining which is most advantageous from the viewpoint of economy and the resulting quality of the dried product.

In order to make investigation as thoroughgoing as possible, the Universities of Manitoba, Saskatchewan and Alberta will engage in the work. Milling and baking test laboratories of the most modern type have already been installed at the Alberta and Saskatchewan Universities and the same equipment is being installed at Manitoba. Dr. Tory has expressed the opinion that it is doubtful if a research of such magnitude has ever before been undertaken in Canada.

Our Prairie Universities are playing a large part in the development of these provinces and in finding solutions for many problems. Research work is necessarily slow. To be of any value it must be most thorough, frequently covering years of study and many tests. Anything haphazard will not do. Because of this, many people are impatient of research work and are critical of money spent on it. But the fact remains that it has been the work of scientists and experts, rather than tariffs, which has made the United States the great industrial nation it is today. The industries of Great Britain built up their world trade, not because of tariffs, but through the application of scientific discoveries. Industrial Germany was the product of research work probably to a greater extent than any other country.

Canada, it must be admitted, has been backward in this respect, and our manufacturers are largely to blame, because for years they have been obsessed with the idea that in Customs tariffs, and in Customs tariffs alone, was prosperity to be found. If the Canadian manufacturers would throw the whole weight of their influence and resources back of the National Research Council, a new and better era in Canadian industry would result.

The power derived from the hydro-electric plants at Niagara Falls is equal to the combined efforts of 45,000,000 able-bodied men.

Pearls, like diamonds, are found in different colors, and, oddly enough, the black pearl is the most expensive.

When a rich man tells he frequently does it by proxy.

Many a man takes a better half in a half-hearted manner.

Tuesday is considered an unlucky day for weddings in Spain.

Children Cry for

Fletcher's CASTORIA

MOTHER—Fletcher's Castoria is especially prepared to relieve Infants in arms and Children all ages of Constipation, Flatulence, Wind Colic and Diarrhea; allaying

Feverishness arising therefrom, and, by regulating the Stomach and Bowels, aids the assimilation of Food; giving natural sleep.

To avoid imitations, always look for the signature of *Dr. J. C. Fletcher*. Absolutely Harmless—No Opium. Physicians everywhere recommend it.

Delivery Horses in Demand

Reserve Animals Always Needed to Fill Up Gaps

Clean, upstanding horses, sixteen hands high, especially strong in the legs, weighing from 1200 to 1400 pounds, and single broken, are the type of animals business firms want for delivery horses, members of the Saskatchewan Horse Breeders' Association were told at their annual meeting by Arthur Newman, Winnipeg. Mr. Newman was speaking for the larger firms in that city who require a number of horses for service on their delivery wagons.

"There are over 400 delivery horses in daily service in Winnipeg," Mr. Newman stated, "and reserve animals are needed at all times to fill up the gaps in the ranks. Only one in ten of the animals we get now are single broken, and you can imagine the difficulty of breaking them in busy streets of Winnipeg. Any farmer who has a horse or number of horses answering the description of what we consider the 'Typical Delivery Horse' will always be able to sell them, and at good prices."

Swollen Joints,

Quickly Limbered Up

Rub On Nerviline

You would be surprised at the wonderful action of "Nerviline" in just such cases. Being thin and not an oil preparation, it is able to penetrate quickly, and it goes it sinks into the tissues, carrying its healing, soothing action wherever it goes. For stopping muscular or nerve pain, for easing a stiff joint, Nerviline is a complete success. Pain, soreness, stiffness all vanish before the magic power of this wonderful ointment. Nearly fifty years of success prove the merit of Nerviline, which is sold everywhere in large 35 cent bottles.

France Electrifying Railways

Doing More Than Any Other Country In This Line

Here is one reason why railroads will have to change their method of propulsion some time in the near future: Hauling a train weighing more than 4,000 tons, a 16-wheeled electric locomotive in France the other day, did the 145 miles between Paris and Vierzon at an average speed of 88½ miles an hour.

Steam has done as well as this when it comes to speed, but these records have been occasional and made under stress. Moreover, a steam locomotive, due to its reciprocating parts, must be more frequently overhauled than the electric, which can do a fast run, and then turn right around and do it over again.

France is doing more than any other country, right now, toward the electrification of her railroads. Several lines are almost completely electrified, and work is proceeding on others. This is part of a great hydro-electric development fostered by the government with the idea of relieving France from dependence on foreign-mined coal, and providing cheap power for railroads and industries.

That Overseas Trip

The Canadian Pacific Railway are operating through tourist sleeping cars from Winnipeg each week to connect with steamers sailing from Saint John, N.B. This arrangement has been made in order to provide every convenience for overseas travellers. These tourist cars go direct to the ship's side, and assure connection and facilitate transfer from train to steamer. See any ticket agent of the Canadian Pacific for bookings and reservations on these cars.

Ice Fall Is Perennial

Surpassing any waterfall in grandeur, an ice fall is the boast of Mount McKinley. A large glacier, coming down from a height of 15,500 feet to the 15,000 foot level makes a sheer drop of 500 feet. The fall is perennial.

Grain Shipments To Pacific

Canadian Pacific and other steamships plying out of Vancouver will be busy carrying grain during the next month, there being nearly 5,000,000 bushels to go forward during that time, to the United Kingdom, the Orient and South America.

Recognized as a leading specific for the destruction of worms, Mother Graves' Worm Expeller has proved a boon to suffering children everywhere. It seldom fails.

"So dark and yet so light," remarked the funny man as he looked at a ton of coal the driver had just delivered.

There isn't anything chicken-hearted about the game rooster.

It is a deplorable fact that file curiosity keeps a lot of people busy.

Mothers Treat Colds The New "Direct" Way

No Longer Necessary That "Dumb" Children With Inert Medicines to Break Colds.

Children's ailments are easily upset by too much "dosing." Vicks VapoRub being expressed directly to the throat does not upset little stomachs. At the first sign of croup, sore throat, or any other cold trouble, apply Vicks VapoRub. There is nothing to swallow, or just "rub it on."

VICKS VAPORUB
Over 17 Million Jars Used Yearly

Public Health Scholarships

Social Hygiene Council to Create an Endowment Fund

Creation of an endowment fund to provide for one or more public health scholarships in a Canadian university, it is indicated, will be one of the most significant items on the program of Canadian Social Hygiene leaders during the coming year. As far as is known, no similar fund now exists anywhere in the Dominion and the proposal, while not yet worked out in detail, demonstrates how very rapidly, during the past few years, has come the growth of the idea that health is not merely a matter which concerns only the individual and the family doctor, but one which is as vitally a matter of public interest as the tariff or freight rates, and most intimately related to the welfare of the country as a whole.

While no details are yet available, the proposed scholarships, it is understood, would likely be offered as aid to selected medical students who have shown special aptitude or ability for public health work and are inclined to specialize in that particular field of medical work.

A DOCTOR'S PRAISE

A Noted Doctor Strongly Endorses Dr. Williams' Pink Pills

The test of any remedy lies in its acceptance and employment by the qualified medical profession. No less an authority than Dr. Andrew Amiel, physician to the Papal hospital, writing on the subject of anaemia, impotency of the nervous system and disorders attributable to a weak blood, endorses Dr. Williams' Pink Pills, recommending them as superior to other tonics.

Dr. Amiel's endorsement reads as follows:—"For several years I have made use of Dr. Williams' Pink Pills in my work, and I have found them efficacious in the treatment of disorders due to impoverishment of the nervous system, anaemia, and neurasthenia, stomach weakness, retarded development in young women, and irregularities. There is no lack of tonic remedies, but in my experience no one of them manifests a superior efficacy to that of Dr. Williams' Pink Pills."

No more conclusive evidence of the value of Dr. Williams' Pink Pills could be asked for or given, than is found in the above endorsement of this noted European physician. Besides, this, however, his medicine has enjoyed a world-wide public confidence for more than a third of a century, and has brought relief to thousands and thousands of weak and suffering people. Dr. Williams' Pink Pills for anaemia, rheumatism, neuralgia, nervousness and stomach trouble. The best of tonics. I can give you the best physical condition and cultivate a resistance that will keep you well and strong. You can get these pills through any medicine dealer or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Agriculture On Up Trend

Farmers Have \$6,250,000,000 Invested in Country

Mon. T. A. Crear, president of the United Grain Growers, predicts that Canada's development in the next fifty years will be unparalleled in history. Agriculture in this country is just starting a great forward movement, he said, and farmers have already invested \$6,250,000,000 in the country.

Only the uninformed endure the agony of corn. The knowing ones apply Holloway's Corn Remover and get relief.

A fleet of fishing-boats was coming into harbor, and with them a yach named Psyche. An old salt stood on the wharf. As he saw Mr. Psyche he moved his head and muttered, "Well, if that ain't the most outlandish way way to spell fish I ever seen!"

She: This paper says a wife in Paris of Japan costs fifteen dollars.

He: (Triumphantly) Well, a good wife is worth it.

All family trees have more or less shade.

Minard's Liniment for animal ailments.

A Wonderful Age

Seventeen Has Been Heroic Age for Many People

Many are the readers who laughed till they cried over the book, "Tackling the 'Seventeen'." The hero of that book is a typical boy at an age when momentous subjects swing into his ken. Girls, tall and short, blond and brunette; clothes, his first dress suit, gorgeous neckties, the fabled necessity of shaving twice a week; dowers, bonbons, dates—at seventeen, what a life!

Yet seventeen is an age of something besides these things usually associated with eelish youth, George Young, winner of the Catalina Channel swimming contest, is seventeen. Think of the qualities necessary to achieve a swim of 22 miles in cold, rough and dangerous waters. One hundred and two men and women made the start, some of them experienced swimmers for a decade or more, but it was a youth of seventeen who was there at the finish.

Seventeen is an age when most anything might happen. Time and time again it has been an heroic age for some. At that age many a youth has borne the load of the family support and borne it uncomplainingly. Fortitude, pluck, persistence, audacity, all these belong to the age of seventeen, and because of this fact youth is the wonder of the world. Was it not St. Paul who wrote to a certain young man, "Let no man despise thy youth?"

Miller's Worm Powders will eradicate the worm evil, that bears so heavily on children and is believed to cause many fatalities. They are an acceptable medicine to children and can be fully relied upon to clear the food channels thoroughly of these destructive parasites and restore the inflamed and painful surfaces to healthfulness. They are an excellent remedy for these evils.

Farewell Message to Canada

Loyalty to Empire Means Peace and Security Said Premier Coates

"We have an extraordinary heritage and tremendous responsibilities to make the best of it, and value the freedom that is ours after centuries of struggle. If we are loyal to ourselves, we will be loyal to the Empire, which means equal opportunities and security and safety to all who live within it."

This was the farewell message of Premier J. C. Coates, of New Zealand, to the people of Canada, delivered in an address to the "Canadian Club" at Vancouver, prior to leaving for San Francisco, where he sailed on the last lap of his journey home from the recent Imperial Conference at London.

"It seems to me that the atmosphere has been cleared," said the Premier in referring to the conference. "There is an agreement among us, and we have the spirit that keeps us together. The next problem is to bring it to practical form. We have everything we require, and the next problem is to develop, to prosper, to make our people prosperous."

Alberta Takes Care of Settlers

Boards of Trade Supply New Comers With Information

Immigrants to the number of 6,118 registered at the Immigration Hall at Edmonton in 1925, as compared with 1,981 in 1924. A large proportion were from the British Isles and the balance from Central Europe. The boards of trade at Edmonton, Calgary and Lethbridge, are bestirring themselves to supply the new settler with the best information as to desirable lands and do all they can to help him make good.

Hebrideans for Alberta

Fifty Hebridean and Northern Irish families will be established in a new colony at Saddle Lake, Alberta, early this spring. This will be the second settlement of its kind in this province—the first having been established north of Vermilion. Buildings are now being erected on fifty farms at Saddle Lake and it is expected that new arrivals will take over holdings there just as soon as necessary arrangements can be made.

It is hard to convince a man that he is the real thing when a bigger man has him down.

The man who marries for dollars lacks sense.

Prize Birds to be Shown at World's Poultry Congress in Ottawa.

Among the exhibits at the World's Congress to be held in Ottawa, Canada, July 27 to August 4, 1927 will be prize birds from the farms of King George V. of Britain, H.R.H. the Prince of Wales and possibly from the famous pens owned by King Albert of Belgium and King Alfonso of Spain.

Exhibits to be shown at the Congress are coming from at least 35 countries all of which will be represented by delegates. No less than 2,500 poultry experts and fanciers are expected from the United States. The Congress is to be held in Landsdowne Park, Ottawa, where the Central Canada Exhibition is held annually. Extensions to some of the principal buildings on the grounds have been made at a cost of \$250,000, in order to take care of the thousands of exhibitors that are coming to the Congress.

Exhausted from Asthma. Many who read these words know the terrible pain upon health and strength, which comes in the train of asthmatic troubles. Many do not realize, however, that there is one true remedy which will usually stop this pain. Dr. J. D. Kellogg's Asthma Remedy is a wonderful check to this conserving ailment. It has a countless record of relief to its credit. It is sold almost everywhere.

Take away a reckless automobile driver's license and he becomes a common pedestrian, which is about the worst punishment the court could give him.

Relieve Asthma with Minard's Liniment.

It is easier for a young man to fool his own mother than it is for him to fool any other woman.

MINORITY RIGHTS PROTECTED, SAYS PREMIER KING

Toronto.—"Nothing was done at the Imperial Conference in London which would take away from any province or any person any right secured under the British North America Act."

So declared Mr. Hon. W. L. Mackenzie King, Prime Minister of Canada, who spoke at a banquet given in his honor here.

"Nor," the Prime Minister continued, "would any attempt of the kind have been countenanced for one moment by either Mr. Lapointe or myself, least of all, in this, the diamond jubilee year of Confederation."

Hon. Ernest Lapointe, Minister of Justice, and chairman of the Imperial conference sub-committee on treaty-making powers, echoed the declaration.

"When," exclaimed Mr. Lapointe, "Canada is mentioned and stated to be like the other dominions, an autonomous nation, it is Canada as it exists and not a different Canada with only one Parliament or a legislative union. It is Canada, a Confederation composed of nine provinces, having their own sphere of legislative and administrative jurisdiction, and as supreme in such sphere as the Parliament of Canada is in its own. The pact of Confederation has not been modelled as a result of the desire to make the relations between the component parts as concerned. As a matter of simple fact, the Imperial conference could not change one iota of it and had no authority to do so."

Reaches Objective

Saskatchewan Livestock Pool Secures 1,000 Carloads of Cattle

Regina, Sask.—The Saskatchewan Livestock Pool has reached its objective of 1,000 carloads of livestock to be marketed during the year. It was officially announced at a meeting of the directors here, when arrangements for the election of 15 delegates were made.

The election of delegates will be held at the end of February. O. J. Godfrey, official auditor of the Livestock Pool, will act as the casting officer. The successful 35 delegates will meet probably March 16, to elect the permanent board of seven directors, who will later elect a president and executive officers.

"Producers' agreements in the headquarters office now total 2,439, covering estimated marketings of 15,474 cattle, 32,949 hogs, and 2,390 sheep," it was officially stated yesterday. "During the past month progress has been particularly rapid, producers' agreements covering more than 250 carloads having reached the central office."

The provisional board of directors who have been in charge of the campaign are as follows—W. D. Mackay, Delisle, president; Edward Evans, Moose Jaw, vice-president; W. F. Grant, Melville; E. P. St. John, Kirby; Olaf Olafson, Mordak; David Ross, Strassburg; E. H. Obbott, Maple Creek.

Do Not Want Ex-Kaiser

Communists Want Measures Taken to Keep Him in Holland

Berlin.—The Communists introduced an interpellation in the Prussian Diet asking if the Prussian state government was prepared to exert all possible influence on the federal government to prevent the return of "Wilhelm Hohenzollern" to Germany from his retreat in Doorn, Holland.

In the event that the federal ministry should show favor to such a return the interpellation asks that in any case measures should be taken to prevent the former Kaiser coming back to Prussian territory.

Gift for Cancer Campaign

New York.—A gift by R. Fulton Cutting, of \$150,000 to the \$1,000,000 endowment fund being raised by the American Society for Control of Cancer, was announced by Thomas W. Lamont at a luncheon at the Bankers' Club in the interest of the campaign. The contribution was a memorial to Mr. Cutting's wife, Helen Sulzdam Cutting.

Rotary Clubs to Help

Ottawa.—Rotary clubs throughout Canada are to be invited to aid in the settlement of boy immigrants. It was announced by the department of immigration. All the clubs are being asked if they will "adopt" boys selected by Rotary clubs in the fifth class and brought out to this country.

W. N. U. 1667

Urges Colonization of North

Canada's Hinterland Should Be Mapped Says Frank Henderson

Ottawa.—"At the present rate of progress it will take 70 years to explore Canada's rich Northland to the extent of showing its principal features on our maps," Frank D. Henderson, D.L.S., President of the Dominion Land Surveyors' Association, told the convention in Ottawa in an address in which he urged Dominion surveyors "who made possible the orderly settlement of the fertile wheat lands of Western Canada to use their utmost efforts to speed up the colonization of the almost totally unexplored and unexploited hinterland of Canada."

In this vast northern country there is, said Mr. Henderson, a task of colonization and development greater and more complicated than that which faced Dominion land surveyors in the West.

The first requisite to development, Mr. Henderson pointed out, is adequate maps. As to what a good map would show, he quoted the fact that a recent mapping operation had shown that within a radius of 35 miles of one Northern Ontario town there are some 1,800 hundred lakes.

How is a man ever to penetrate such a country without maps?

Start Anti-Religious Campaign

Chinese Nationalists Destroying Idols Says Missionary

New York.—Chinese idols dating back to the remote past and tablets symbolizing China's historic ancestral worship are being destroyed in southern China as part of a Nationalists campaign against religion similar to that of Soviet Russia, says Dr. N. Bercoff, prohibition missionary doctor on the island of Hainan, China.

This anti-religious campaign, Dr. Bercoff declares, is paralleled by a movement among the youth of China that respects neither its ancient religions nor Christianity, but preaches a philosophy of materialism and "absolute freedom for every one in everything."

Writing from his station in China to the Presbyterian Board of Foreign Missions, Dr. Bercoff says that the anti-religious movement was directed by the Nationalist government in Canton which has for its avowed object the destruction of spiritual things of all things among the people.

Fewer Forest Fires

Canadian National Railways Use Measures to Protect Forest Areas

Winnipeg.—A saving of more than \$19,000 in damages resulting from fire along the lines of the Canadian National Railways during 1926, as compared with the previous year, has been reported by W. A. Kilby, chief of forest protection for the company. This decrease is attributed by Mr. Kilby to increased efficiency and an educational campaign among the railway employees during the past year.

On the Western region, including lines in British Columbia where fire hazards were great during the spring, 9,000 acres were burned over with an approximate monetary loss of \$41,659 as compared with 25,235 acres and \$61,396 in 1925. More than 4,000 miles of fire guards were constructed on the Western region in 1926 and every precaution was maintained to prevent the ignition of fire by sparks from locomotives.

Mexican Soldier Kills Four

Member of Military Guard Goes Suddenly Insane

Mexico City.—A soldier, one of the military guard on a Laredo-Mexico City passenger train, suddenly became insane when the train was nearing Gomez Parais, state of Chihuahua. He seized several rifles, one after the other, and began shooting promiscuously. He killed four and wounded two of his fellow soldiers before he was subdued.

No passengers were hurt but both foreign and Mexican passengers were badly frightened, for they thought it was a bandit attack.

Bandits Use Machine Gun

Chicago.—Blocking the only convenient exit with a machine gun, a gang of robbers ordered more than 100 "bottlers" in a handbook establishment to lie face down on the floor while they escaped with \$10,000 here. Two of the robbers waving shotguns while their companions, armed with the automatic gun, led the escape.

Duke of York Initiated

H.M.S. Beowulf.—The Duke of York, King George's second son, now can properly call himself an old seaman. He was, with his duchess, duly initiated into King Neptune's kingdom as the Beowulf crossed the equator in the Pacific en route to Australia.

Good Revenue From Fines

Many Prosecutions in Vancouver Under the Motor Act

Vancouver, B.C.—Prosecutions under the Motor Act and city traffic by-laws, virtually tripled during 1926, in Vancouver, when 3,972 cases were heard in the special automobile court, presided over by Magistrate J. A. Findlay. On 1925, the number of cases was 2,973.

Last year, fines aggregating \$23,521 were paid by motorists who were convicted of minor violations of the Motor Act, while 199 drivers were convicted of driving to the common danger, and contributed an additional amount of \$5,656.

USE PLANES TO EXPLORE WATERS OF HUDSON'S BAY

Ottawa.—A full inquiry into navigation conditions on Hudson's Bay and Straits, mainly by means of aeroplanes, is to be made by the Government this summer and a commission which has just been appointed to direct the work has held its organization meeting here. It consists of N. B. McLean, of the staff of the St. Lawrence ship channel, who has 25 years experience with ice conditions; Col. James Scott, of the air services, and E. B. Kost, engineer of the railway department. Mr. McLean is to be chairman.

Three departments, marine, defence and railways are interested and represented. It is intended to establish three air bases at points on the Bay and Straits and at least six planes will be utilized, in addition to patrol boats and wireless stations. Ice, tidal and all other conditions affecting navigation will be noted daily throughout the year.

The work will start July 1. Among other things, the order-in-council creating the commission recites that "it is important that early consideration be given the questions relating to the navigation of Hudson Strait, in order that an effective program may be adopted, and the completion of the work itself so timed as to be available on completion of the initial test development proposed for the Hudson's Bay harbor terminals."

Death of Lt.-Col. Munro

Winnipeg.—Lt.-Col. William Alrd Munro, D.S.O., is dead here after a lengthy illness. He was 56 years old.

MASSACRE SURVIVOR TELLS EXPERIENCES

Typical Cree Indians who participated in the massacre at Frog Lake

An unique and intimate record of the massacre at Frog Lake in 1885 at the time of the Canadian Northwest Rebellion has been given to Canadian history by William Blaisdell Cameron, the sole white survivor of that appalling disaster. In a volume recently published by the Ryerson Press, Toronto, Mr. Cameron recounts in vivid detail the events which led up to the attack, the bloody progress of the massacre, and his two months experience as prisoner of the Indians. "The War Trail of Big Bear" is not only outstanding for its value as a historic record; it is a remarkably powerful and dramatic narrative.

Mr. Cameron was a young Hudson's Bay Co. agent at Frog Lake when the massacre occurred. He describes the general resistance of the Indians preceding the Rebellion when he seemed as if the whole Middle West might be swept by the carnage of semi-savage rebels on the war path, had not the Canadian Pacific Railway, then in its infancy, stopped into the breach and sent troops to quell the uprising.

Big Bear, the old chief of the Cree Indians is a noble and pathetic creature, a lover of peace and a friend of the white man. He has little influence over the fiery, and blood-thirsty members of the tribe, and knew little of the killing at Frog Lake. One of the most dramatic incidents in the book is his speech at the trial of the Indians following the massacre when eight of his band were sentenced to death. Dejected, lonely, shorn of his freedom, he was still able to hold up his head. He was still Big Bear, chief of the Cree. And his plea was not for himself, but for his people—for his children, hiding in terror afraid to show themselves in the bright light of day.

Saskatchewan Co-Operative Elevator Co.

Meeting to be Held in Regina to Wind Up Affairs of Company

Regina, Saskatchewan.—For the winding up of the Saskatchewan Co-Operative Elevator Company, including the appointment of inspectors to act with the official liquidator on behalf of the shareholders of the company, a meeting will be held at the annual convention of delegates to be held here, Wednesday, March 2.

Each of the 451 localities of the company is entitled to send one delegate to the convention and shareholders throughout the province are now busy selecting delegates at local meetings.

Lose on Telegraph Service

British Post Office Department Finds Telephone Competition Brings Loss

London.—The Government's loss on operation, through the post office department of telegraph services during the past year, is about £1,500,000, partly due to the strong competition of the telephone service, which is also a branch of the Government's activities. The traffic in newspaper telegrams has resulted in a loss of about £250,000 yearly. The British press has lately adopted a leased wire policy, paying wire rental instead of word rate charges.

Willing to Make Exchange

Order-in-Council Permits Settlers to Transfer From Barren Lands

Regina.—According to the current issue of the Canada Gazette, the Governor-General-in-Council has ordered that certain settlers in the Moose Jaw land office district, now on the verge of abandoning their land on account of its inferior nature, be allowed to exchange their farm holdings for certain lands now used for grazing purposes.

In the case of homesteads now occupied, the settlers will be required to remove title to the Crown.

Reclaiming Land in B.C.

Vancouver.—Between 150 and 200 families will participate in a "back to Canada" movement near Ladner, B.C., at the mouth of the Fraser river, as a result of the opening up of a large area of land. One of the men behind the scheme is Leon J. Ladner, Federal member for Vancouver South, whose agents were among the first settlers in the Fraser Valley.

Pension for Former Premier

Paris.—Antoine Moinet, after thirty-five years' service to his country as premier, deputy and senator, is destitute at the age of 81. Premier Poincaré, learning indirectly of his plight has introduced a bill in parliament which would grant him an annual pension of 24,000 francs.

NEGOTIATE WITH CHINA TO BREAK THE DEADLOCK

London.—After a lengthy cabinet meeting, the British Government called fresh instruction to Owen St. C. O'Malley, the British charge d'affaires at Hankow, in an effort to break the deadlock which developed in the Anglo-Chinese negotiations there when the Cantonese Foreign Minister, Eugene Chen, questioned the right of Great Britain to dispatch a military force to Shanghai.

Shorn of technicalities, it is admitted in competent official quarters that the whole Chinese situation is at a standstill over the issue of the troops now on the way. There is no likelihood that the expedition will be recalled but there is a possibility that it may be partly diverted to Singapore and Hong Kong, or that an agreement may be reached with the Chinese authorities regarding its length of stay at Shanghai.

The Foreign Office maintains that the negotiations between Charge d'Affaires O'Malley and the Chinese minister have not been broken off, explaining that Chen has merely refused to sign the draft agreement dealing with the future status of the British concessions at Hankow and Kueikuan, where a Chinese rioting occurred. This refusal has given the Anglo-Chinese discussions a new turn with respect to the general British proposals, which were first announced in a Christmas memorandum to the powers, amplified by Sir Austen Chamberlain's Birmingham speech. These proposals deal with the whole problem of China's relations with Great Britain, including the questions of extra-territoriality, customs, missionaries and other important questions.

States Consul Not Recalled

Ottawa.—Hsien Chow Kuo, Chinese consul-general in Canada, stated here that he had not been advised of the recalling to China of Quai Tai Liang, Chinese consul at Vancouver. This development, the paper says is the result of London business men entering the motion picture field. Other big cinema projects are contemplated.

Super Cinemas for London

London.—The Evening News says plans are afoot to provide London with at least 20 new super cinemas within a year. The houses will rival those of New York in completeness, will seat more than 52,000 people, and cost over £2,000,000 or about \$12,155,000. This development, the paper says is the result of London business men entering the motion picture field. Other big cinema projects are contemplated.

France Pays Interest

Washington, D.C.—The United States government has received \$10,000,000 from the French government as an interest installment on its \$400,000,000 war supplies debt.

Quake at Shanghai

Shanghai.—The city was alarmed by a fairly severe earthquake recently. Earthquakes are most unusual in this district. No damage has been reported.

Former Winnipeg Dies

Toronto.—George Broughall, formerly a prominent citizen of Winnipeg, died here after a long illness in his 65th year.

U.S. AMBASSADOR TO CANADA IS NOW APPOINTED

Washington.—William Phillips, now ambassador to Belgium, and former under-secretary of state, has been selected to be the first United States Minister to Canada.

The selection indicates the importance attached by the U.S. to the new diplomatic post at Ottawa, since it has called upon one of its senior career diplomats now holding the rank of ambassador to surrender that rank and accept instead a post as minister.

This puts the Ottawa assignment in a special class with that of Minister to China, the two being post-ways having been recognized as of one special significance, although it does not carry ambassadorial rank.

Mr. Phillips began his diplomatic career in 1903 as private secretary to the then ambassador to Great Britain. After two years in London he was appointed second secretary of the United States legation at Peking, and later served in various capacities in the Far East. He retired on leave of absence from 1910 to 1914, served as registrar of the college and secretary of the corporation of Harvard University. In 1914 he entered the diplomatic service and was appointed ambassador to Belgium in 1924.

Mr. Phillips, who was born in Beverly, Mass., on May 20, 1873, was educated at Harvard and on Feb. 2, 1910, married Caroline Anne Drayton of New York, three sons and two daughters being born to them.

Learned Nothing From Industrial America

System Not Greatly Ahead of England's Is Report of Commission

London.—The report of the government's industrial commission which went to Canada and the United States last fall, The Westminster Gazette says, will declare that industrial America has few important lessons to teach British industry, that American prosperity is due to a temporary boom, that wages are admittedly high but so is the cost of living and that industrial co-operation, although good in America, is not greatly ahead of the system employed in England.

Ernest Boyd, general secretary of the Transport Workers' Federation, one of the commission. The Westminster Gazette, will issue a minority report as he profoundly disagrees with some of the findings of his colleagues.

Reach Shanghai Safely

Shanghai.—Greatly overloaded with passengers, the steamer Lung-vo arrived from Hankow, hundreds of miles inland on the Yangtze river, with 160 missionaries, mostly women and children, who evacuated Hunan province under consular orders. Approximately 125 of the refugees were American, 15 British and the remainder members of Scandinavian missions with headquarters in the United States.

States Consul Not Recalled

Ottawa.—Hsien Chow Kuo, Chinese consul-general in Canada, stated here that he had not been advised of the recalling to China of Quai Tai Liang, Chinese consul at Vancouver. This development, the paper says is the result of London business men entering the motion picture field. Other big cinema projects are contemplated.

WHY I BELIEVE IN CHURCH ADVERTISING

A modern interpretation of business methods as applied to church advertising, by Rev. H. P. Almon, Alhambra, M.A., D.D., Rector of Grace and St. Peter's church, Baltimore, formerly of Christ's church cathedral, Hamilton.

Church advertising is to the welfare of the individual church what the wind is to the sails of a yacht—it makes it go. The church, of course, have "the goods," just as the yacht must have its sails; but given the due resistance, "the goods" and sails, there is bound to be satisfactory progress.

I do not believe in the devil being permitted to enjoy a monopoly of the best. I am jealous that the best and most effective agencies of good in every department of life should be brought under the service and control of God. If the devil makes things "go" through advertising, and he most certainly does, then why should not the church, the living body of Christ in the world, do the same? "Corruption optimissima"—the corruption of the best is the worst sort of corruption. I am out for leaving the best for righteousness, and publicity, legitimate publicity, comes

under that heading.
"Legitimate advertising"—there you have it. The church must not descend to "the tricks of the trade." Her advertising must be consonant with the dignity of her calling, and always in agreement with the facts of the case. The church must literally possess what she professes to possess, and she must not seek to fool the public even for a fraction of the time. If advertising is the window dressing, there must be an inexhaustible quantity of material in the rear of the establishment and the quality must measure up to the sample.

For instance, just as a title means to the sale of a book, more than the average person realizes, so the published title of a sermon is calculated to erect the size of a congregation. But in the effort to attract a crowd to his church, the minister has no right to sacrifice the real invariance of what he is going to say to the seductive drawing power of a misleading caption. This is sometimes done; but it is not done very often by the same person, for there is a limit to the gullibility of the casual church attendant.

Advertising keeps, as well as puts, the individual church before the community. It arouses the public to the realization that an aggressive organization is carrying on an effective ministry in their very midst, and that the leader of that aggressive organization has come to town, intends to remain in town, and is afraid of no body. It infers, also, that what is being done is not being done in "a hole and corner" sort of way; but that the character of the work and the methods of its performance are open to investigation.

The constant sight of the name of the individual church, and the constant sight of the name of the minister of that individual church, here

their obstructive way into the unconsciously receptive mind of the reading populace. There may be criticism on the part of the conservative elements of the community; and there oftentimes is; but the great majority of the general public, and it is the general public that composes the great objective in church advertising, appreciate a progressive spirit, love a courageous fighter, and rejoice to know the church is not so moribund as the church's detractors have led them to believe.

In this fashion, sentiment is gradually roused, curiosity is inevitably engendered, and people go to see "what's doing." If there is really something doing, something worth the seeing, something worth the hearing, and if continuity of worthwhileness be maintained, the growing success of the church and the growing encouragement of the minister of the church are assured.

I believe then, in advertising, because it pays—because it makes things go. And I know whereof I speak, for I have been a diligent and consistent advertiser for years. I advertise in all sorts of ways. The Saturday newspaper, and I try to have the largest ad of all the church ads. The church magazine in the distant city, that the general church may know that such a church as my church exists, and visit that church when away-from home. The weekly parish paper, making a survey of present happenings, and giving a tonic-tang to the trenchant editorials. Literature upon this and literature upon that forever to be discovered in the distributing racks. Constant circularizing of the parochial constituency. Broadcasting twice a week by a reliable radio station. And by-and-through many other instrumentalities.

It costs? You bet it does! What does the treasurer say? He has learned to "see the mark" for he has

come to realize, as I do, that the cost of advertising is money well spent. I have been criticized? Father! But criticism is the breath of life! Christ is alive, alive. The church must be alive, too.—E.C.

CORRESPONDENCE

Eschaw, Alberta,
January 28, 1927.
Editor Blairmore News,
Blairmore, Alberta.

Dear Sir: I want to draw your attention to something which happened to me in Eschaw. I am a widower with three boys and two girls. My eldest boy is fourteen years old. My husband came to this country from Italy twenty-four years ago and lived at Bankhead until 1902, when he moved to Sebe to work for the Canada Cement Co. He died last May at Sebe.

I moved my family to Eschaw on the 1st of January, as my husband owned a good shack there and I wanted to get close to a school so my family could get a good education. It was very cold over here when we moved here and I sent my eldest boy around to the Canada Cement Co. to get me a load of coal and the superintendent, Mr. Armstrong, would not sell it to him, and as they are the only coal dealers in town, we had to do the best we could with what wood we could gather. I think maybe some mistake, so my boy got to the mounted police here and ask him to see Mr. Armstrong. He saw him, but "No" again.

I would like to educate my children and stay in this country, but if this is the way Canada is going to treat all who are Canadians, I'll go back to Italy, where you won't freeze to death. My husband took out Canadian papers more than twenty years ago.

Why don't they have some laws in this country that more so in rural places where only one dealer operated, they would have to sell when one can pay. Take my case. Only one outfit selling coal and because the superintendent don't like, he would let me freeze before he would sell me coal. Is that right? I don't think a fair company like the Canada Cement Co. should be allowed to keep a man to run the place that is so narrow minded as that. What if my children freeze, he not care!

Why bring immigrants into this country if they don't get better treatment? I think immigrants should be told about this. I did not want his coal for nothing. I have money to pay and this is a government-owned park and got no law to make an outfit to be decent with a widow woman, and her husband got shafted out for them five or six years. So I take my family, some of them more than half through school, and get back to Italy.

Thanking you to tell me what you think.

Yours truly,
MRS. ROSE ENAMETTE.

STOP IT!

The individual who has had a monopoly of the business of hanging criminals in Canada for several years past, has announced that he intends to publish his memoirs, that they are virtually complete and that arrangements for publication have been already made.

He intends, that is to say, to issue a book form his account of his experiences in the execution of more than four hundred poor wretches who have been condemned to death for capital offences since he first took up his gruesome task. If any book could be imagined more horrible, it is difficult to conceive what it might be.

Surely there is some way of preventing the issue of such a volume? It can do no possible good to anybody on earth. It is more than likely to revive old wounds and renew old sorrows in the hearts of many innocent people.

It will certainly be the most loathsome contribution to the literature of filthy morbidity Canada has ever had to endure.
The law provides for the suppression of undesirable books in this Dominion. Here is one that certainly ought to be suppressed at birth, in the interests of decency, health-mindedness and common sense.
—Family Herald and Weekly Star.

Taking No Chances

London hotel manager, coming along the corridor, saw the "boots" kneeling on the floor and cleaning a pair of shoes outside a bedroom door. "Haven't I told you that you are not to clean boots in the corridor, but to take them downstairs?"

"Yes, sir."

"Then, why are you doing it?"

"Because the map in the room is a Scotchman, sir, and he's hanging on to the laces."

THE LADE AND CHILDREN OF THE EMPIRE, JR. BRANCH

Last autumn the Imperial Order Daughters of the Empire announced a Competition for a Christmas card design, offering a prize of \$100.00 to the prize winner, but stipulating that the committee might withhold the prize if no entry reached a sufficiently high standard in the estimation of the judges. Unfortunately, the judges, both members of the Order and experts, with whom the committee consulted, have decided that no entry deserves this prize.

The committee very much regrets having to announce this decision, and hopes that another year, entries may be received which will fully justify the committee in awarding the prize.

HONEY PRODUCTION

Honey production in Alberta is on the increase. In 1925, a total of one hundred and fifteen thousand pounds was produced, with a value of twenty-three thousand dollars. In 1926, nearly twice as much was produced with a value of over thirty-six thousand dollars. One man alone in Alberta produced last year nearly fifty tons, while another produced sixteen tons, both these being in the Lethbridge district. It has been predicted by well-known bee experts that Alberta will be one of the largest exporters of honey within ten years.

His Majesty's Choristers tour Canada

Boys of the Westminster Abbey Choir with their master, Hon. H. Nicholson, organist of the Abbey, who are touring Canada under the auspices of the National Council of Education, together with the choristers of His Majesty's Free School of St. George in Windsor Castle, and are accompanied by the Very Reverend the Dean of Windsor, Dr. A. V. Baillie (centre), to his Majesty the King, the Rev. Edmund H. Fellowes (left) and the Rev. Dr. A. V. Baillie (right).

The official visit to Canada of the gentlemen of His Majesty's Free School of St. George, in Windsor Castle, and the boy choristers of Westminster Abbey, accompanied by the Very Rev. the Dean of Windsor, Dr. A. V. Baillie, chaplain to the King, Rev. Edmund H. Fellowes, director of the choir of St. George's Chapel, and Sydney H. Nicholson, organist of Westminster Abbey, and Master of the Chorists, is made with the special approval of His Majesty the King. The visit of the choir which is now touring Canada from Fredericton to Vancouver and return, on the All-Red C.P.R. route, is more than a mark of inter-empire courtesy; it is a gesture that should do much to help the fuller realization of possessions common to Canada and Great Britain.

The choir is here under the auspices of the National Council of Education, which since its inception in 1919 has continually emphasized the importance of the place of music in education. This tour is essentially a part of the Council's programme designed to stimulate public interest in music as one of the most powerful influences in the life of both the individual and the nation.

The Choristers from Westminster Abbey and St. George's Chapel, to sing their way through Canada without fee or recompense of any kind except the applause they will gain have a history going back to a day when the great-grandfather of Columbus was a humble Genoese, watching boats sail out and believing that if they went too far they might topple over the edge of the world. So Canada must feel comparatively young in the knowledge that the left-footed Indian was still emperor of the prairie, when the choristers first sang to the order of Edward III in the chapel of St. George at Windsor.

The glory of the Dominions is in their future, but England's greatest glory is in the long story that runs back through the centuries, and that story is told almost completely in the histories of Westminster Abbey and St. George's Chapel of which these visitors are the ambassadors.

It is interesting to think of the three parallel series—Edward III, creating the Order of the Garter in St. George's Chapel, Columbus still unborn and his great-grandfather

perhaps sewing sails in the seaport of Genoa, Canada still in the haze of the undiscovered. And while these two latter scenes change dramatically, the choristers of St. George's have still gone on with their services, symbolizing the continuity and home of the twenty-six knights of the Garter. The gentlemen of St. George's Chapel at Windsor are all, the eight choristers or boy clerks of the Chapel at Windsor are those who sing the evening and morning services in the Chapel, and in the more private services associated with the life of the Crown and the Order of the Garter. They also provide the music in the Private Chapel when their Majesties are in residence at Windsor Castle.

The Dean of Windsor, Dr. A. V. Baillie, who will give lectures during the tour, on Windsor Castle, the Chapel of St. George and Westminster Abbey, is one of the outstanding figures in the ecclesiastical life of England. He is the son of Queen Victoria and a member of Lord Elgin, former Governor-General of Canada. In addition to being chaplain to the King, he is also Registrar of the Order of the Garter.

Dr. Edmund H. Fellowes will lecture on Elizabethan and English Church music. He is the foremost living authority on music of the Tudor period, as witness his monumental edition of the English Madrigals which he has completed in 36 volumes.

As organist of Westminster Abbey, the choir of Mr. Nicholson have been an inspiration, not only to the habitual worshippers at the Abbey, but also to the vast body of visitors to that shrine from all over the world. He is the author of "British Songs for British Boys." During this tour he will conduct a number of concerts, especially for Scouts and Guides, in which Scout music will largely feature.

Canadians are therefore given an unique opportunity to hear the best of English church and Old English part music, while a standard of excellence is reached in choral singing, that is probably unexcelled in any part of the world.

CURLING CLUB

MIXED BONSPIEL

Following is a list of the rinks for the mixed bonspiel of the local curling club, which begins shortly:

M. H. Congdon, V. K. Hilling, M. Johnson, Mrs. Congdon.

J. H. Farmer, F. M. Thompson, F. Keer, Mrs. Farmer.

J. H. Hughes, A. Morency, D. Oliver, Mrs. Pinkney.

G. A. Passmore, H. M. Bennett, J. J. Weaver, Mrs. Bennett.

A. E. Ferguson, Rev. Young, W. L. Evans, Mrs. Upton.

Geo. Sangster, A. J. Olsen, E. Hornquist, Mrs. Smith.

H. Carmichael, J. P. O'Neill, P. McPherson, Miss Picard.

J. M. Jenkins, F. Houghton, F. Millett, Miss Arlendon.

M. G. Rhynas, F. J. Donkin, T. Evans, Mrs. Mackenzie.

J. V. McDougall, K. G. Craig, W. W. Scott, Mrs. Burns.

W. H. Chappell, W. Fisher, D. McPherson, Mrs. Keer.

D. G. Mackenzie, S. Hannan, A. M. Burnett, Mrs. Thompson.

J. A. Kerr, J. R. McLeod, J. G. Flood, Mrs. Gillis.

Dr. Olivier, P. Wamock, F. Paul, Mrs. Rhynas.

J. B. Wilson, H. Pinkney, R. Thompson, Mrs. Wilson.

E. A. Harper, A. Hnatyahn, R. Tucker, Mrs. Harper.

Sparks—L. L. Morgan, F. Smith.

There will be no handicaps in this competition.

A very successful what drive was held by the members of Crowview.

Rebekah Lodge in the Lodge Hall last night. Prize winners were as follows:

Ladies' first, Mrs. W. Lord; second, Mrs. P. McPherson; consolation, Miss E. Kidd.

Gents' first, M. F. Wheatley; second, Mr. Rudolph Yelek; consolation, Mr. W. Lord, Jr.

Refreshments and dancing followed.

Here and There

Nova Scotia's coal output for the year ended September 30, was 5,000,000 tons, as against 3,500,000 tons for the previous year.

Tonnage of freight handled over the Halifax piers during the year of 1925 shows an increase of nearly 15 per cent. During the season 1,012 trans-Atlantic steamships entered the port, as compared with 980 during the season of 1925.

Herod's Pride, the mare imported into Canada by the Prince of Wales, and owned by Fred Johnston of Calgary, since last September, has been sold to the Brown Shasta Stud Farm in California for a sum in excess of \$5,000.

Wholesale fish firms of Yarmouth and Halifax report that 1925 was a record year, as to the demand for fresh and smoked fish in Canadian and United States markets. Shipments were frequently made from Halifax to western Canada and points in California.

Immigration to Canada for the eleven months of the calendar 1925 ended November 30, amounted to 130,569 persons, according to a recent statement issued by the Department of Immigration and Colonization. This is an increase of 61 per cent. over the same period of 1925, when the total immigration was 80,904.

The Maori Rugby Football team, who have recently completed a successful tour of France and Great Britain, passed through Montreal recently en route over the Canadian Pacific line, to Vancouver, where they sailed for New Zealand January 27. This team won, during their eight-month tour, 22 of 31 games played.

According to recent compilation by the Canadian Government, Canada now leads the world in public per capita distribution of electricity from central power stations. The figures of kilowatt-hours generated per capita for annum by the five leading countries are: Canada, 1,200; Switzerland, 830; United States, 681; Sweden, 477; Norway, 370.

The Russian Government is to buy another herd of Canadian horses this spring. It was announced at the Alberta Provincial Horse Breeders' Association meeting in Calgary recently. R. E. Wilson, Dominion Government agent, who was responsible for the statement, declared that from 2,000 to 3,000 horses would be required.

The year 1926 was a banner year for the British Columbia coast steamship service of the Canadian Pacific Railway, according to Captain J. W. Troup, manager of that branch of the C.P.R. fleet. The "Princess Marguerite" and the "Princess Kathleen," in the triangular service, make a fine record and the Alaskan tourist business was brisk.

For the first time in the history of Alberta, alfalfa seed is being shipped to Denmark. This is registered Grimm alfalfa grown by the Grimm Alfalfa Seed Growers' Association, at Brooks, which this year produced one-third of a million pounds of this seed. It appears that Danish growers have experimented with this seed in the past and have now placed an order for 50,000 pounds.

The Nova Scotia Fruit Growers' Association has requested the Provincial Department of Natural Resources to appoint and send overseas a Commission to enquire into the conditions under which Nova Scotia apples are marketed. The suggested personnel is, the Secretary of the Nova Scotia Fruit Growers' Association, a representative of the United Fruit Companies and the newly appointed Provincial Horticulturist, Prof. Middleton.

Man on the corner in Blairmore: "It's a crime!"

Williams: "Yes, if you see it in the Lethbridge Herald!"

Half Price—"Able, I'll gift his life guard a dollar. He saved your life, you know."

"Yes, but Rachel, I was half det when he pulled me out. Gift him 50c."

Teacher—"What do they call you at home?"

Boy—"Flannel, Miss."

Teacher—"But why?"

Boy—"Because I shrink from washing."

BLAIRMORE R.P.O.E. LODGE

OFFICERS INSTALLED

At the regular session of Blairmore Lodge No. 15, R.P.O.E., held on Tuesday night, the officers for the ensuing year were duly installed by Robert Gray, district deputy grand exalted ruler for Alberta district No. 1, assisted by Exalted Ruler H. Bosenberry, of Pincher Creek. The officers for the year are as follows:

Immediate Past Exalted Ruler—J. E. Gillis.

Exalted Ruler—R. W. H. Pinkney.

Esteemed Leading Knight—A. E. Ferguson.

Esteemed Loyal Knight—J. A. Kerr.

Esteemed Lecturing Knight—C. J. Tompkins.

Secretary—J. R. McLeod.

Treasurer—J. W. Gresham.

Esquire—R. Wootton.

Chaplain—W. L. Huston.

Inner Guard—D. Martin.

Tyler—D. Dunlop.

Trustees—W. W. Scott, J. S. Whyte and R. Gray.

Previous to the installation, the lodge, by taking into membership the members of the Hillcrest Amateur Orchestra, gave birth to a music organization in connection with the lodge.

At the close of the meeting a social evening was held. Visitors were present from Coleman, Pincher Creek and Macleod lodges. The programme was opened by the new orchestra, being augmented by several of the younger musicians of Hillcrest and Blairmore and under the capable leadership of Mr. J. E. Upton, with a very pleasing number of selections. Following this refreshments were served and more merriment indulged in.

The latter part of the programme was featured by selections from the Pincher Creek Elks' Bandwonder orchestra, "Bill" Underwood, of Macleod, with impersonations on "The Charge of the Light Brigade," "Bill" Huston, exponent of the Choralion, and Bob Gray's Blairmore octette (looking for the major, etc.).

Last evening, Mr. Gray, accompanied by about five ensembles from the

Jeans—"Can you tell me which part of the car it is that causes the most accidents?"

John—"I don't know."

Jeans—"Well, it is the nut that holds the steering wheel."

In addition to the regular picture programme, Donald Deerfoot, in a sensational western drama "Golden Gulch," a thrilling tale of the early days of '49, is coming to the Orpheum Theatre on Saturday evening, February 12th. "Golden Gulch" is a story of the outlaw country, where lynch law is king and danger is rife, and crime and vice run rampant together. A story of wide appeal, packed with daring situations and dimaxes, pathos and comedy. High-class vaudeville between acts. The picture will open the evening's performance, followed by Donald Deerfoot and his company of six actors. Popular prices.

The Alberta government seems peeved that the Fernie warehouse of the Consolidated Liquor Co. here is able to do business. They evidently would like to have a monopoly of the American liquor business, and the have raised a howl to high-heaven, and the royal commission at the wickedness of the Consolidated. The Consolidated have been in business here for a number of years. They pay a very high license to the B.C. government to do business, and if the Americans wish to buy liquor from them they should anyone on this side of the line worry. At Newgate arc at Roosevelt a child with any authority could stop liquor running, but the Americans evidently are not very much interested in stopping it, so why should Canadians go out of the way to help them enforce laws which they quite evidently do not want to enforce themselves.—Fernie Free Press.

local herd, visited Pincher Creek and installed the officers of that lodge, and on Tuesday of last week, officiated at the installation of the Macleod Lodge officers.

Thornton.—Thornton cattle stand signed at the National Dairy Exposition in Detroit last week with a prize winner in each of the first four Holstein breeds. This is a better record than that of any other part of the country. The prize winners were: Leroy Siddall and J. P. Gibson, of Denfield, T. O. Olson, of Brampton, and Haley and Lee, of Springfield. A number of lesser prizes also went to Canadian breeders.

"Anyone who has other than an unbounded faith in the future of Canada, must be either without eyes or mind," declared Sir George MacLaren Brown, European general manager of the Canadian Pacific Railway, who returned to the Company's headquarters in Montreal recently after an extended tour of the Western Provinces. Sir George was greatly impressed with the growth of the city of Vancouver, where he visited after an absence of 15 years.

The first annual meeting of the Canadian Boards of Trade was held at Saint John, N.B., October 18th. Over 150 representatives from the civic administrative bodies of every Canadian city gathered at the Windsor Street Station in Montreal, where they entrained and proceeded over the Canadian Pacific lines to Saint John. Matters of vital interest to civic administration were discussed at the three-day convention.

Control of the fish and game industry in the State of Ohio is being sought by a commission composed of five experts on game conservation. This industry is at present in the hands of the Department of Agriculture. The proposal will be placed before the government by the game and fish leagues in Ohio, the belief being that the existence of such a commission would be in accordance with the growing importance of the game and game industry in that State.

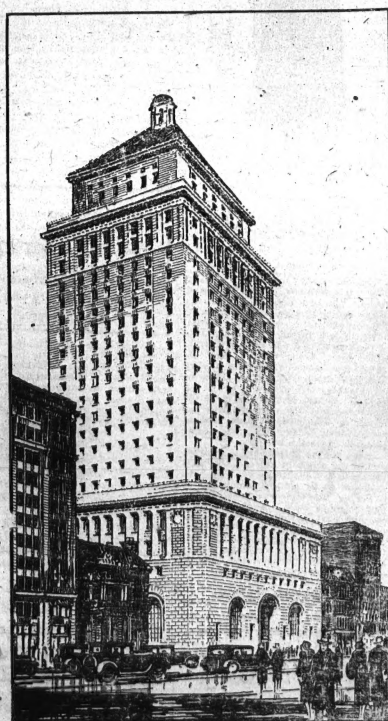

Nearly a ton of mistletoe wasted its sweetness on the Eveless air of the Canadian Pacific Express Company's yards in Montreal at Christmas time. It arrived from France and England via the Canadian Pacific steamer "Montclair," and was boxed in twenty-two crates, of which twelve were destined for New York and the balance for distribution in this city.

Teacher—"Give me a sentence with 'triangle' in it."

Student—"If flies don't catch 'em, try angle worms."

Will Be Tallest Office Building in Canada

New Head Office Building of The Royal Bank
of Canada in Montreal Will Tower 390 Feet
Above Street and Have 23 Storeys.

THE tallest office building, not only in Canada, but in the British Empire, is at present under construction in Montreal. This building is the new Head Office of The Royal Bank of Canada, and its erection is characterized by the massive concrete foundations and retaining walls have been completed, and progress is rapidly being made on the steel superstructure, which is already showing above the street level and two below; but its full height will not meet the eye of the passer-by, owing to the receding of the purpose of this design is to prevent undue obstruction of light and air from streets and buildings nearby, and the extent to which this is accomplished may be understood from the fact that the total area of floor space in the building, as planned, will be no greater than if an 11-story building were erected to cover the entire lot on all floors. The lot measures 180 by 170. At the third floor the building recedes 24 feet from the street line on all sides, and at the 18th story it recedes again.

In the main body of the building, 100 feet in height, which covers the entire lot, Quebec stone from the Niagara peninsula will be used, while Montreal Limestone will encase the upper portion or tower. The massive base of the building will be occupied by the Main City Branch of the Bank and the various departments of its Head Office. On the ground floor will be the main banking-room, and in the sub-basement, reached by elevators, there will be massive vaults constructed to give the maximum of protection. There will be two mezzanine floors. The first of these will be occupied by a cafeteria, rest-rooms and locker-rooms for the Bank staff. The second mezzanine and the first floor above will be given over to various departments of Head Office, including the Telegraph Department, from which private wires extend to the principal cities of Canada as well as to New York and Havana. The second floor will be occupied by the President, General Manager and Executive Officers of the Bank, and other departments.

Above this main section of offices, with the exception of space for the Board Room and Directors' Room, will be for rental.

The picture shows the building as it will appear from St. James Street, with the principal entrance on the main entrance which will be deep and finely set, proclaiming an atmosphere of dignity and beauty.

In the banking room, reached by gently-rising, spacious steps, the ceiling will be approximately 50 feet high and will extend the full length of the room with a large window at either end. On the north and south, the upper walls, which enclose the mezzanine floors, will be carried over a series of arched openings with ceilings of vaulted design finished in rich polychrome. In the more open and lofty space these same color harmonies will be repeated.

WORLD HAPPENINGS BRIEFLY TOLD

There are 143,500,000 people in Russia, according to preliminary official estimates. This is an increase of thirty-eight per cent. since 1897.

The Saskatchewan wheat pool has taken out a \$100,000 building permit for a drying plant, at its terminal elevator in Port Arthur.

General Sir George W. A. Hignson, who was wounded for his service in the Crimean War, is dead at his home at Glynderscroft, Marlborough-Thames.

Discovery of a supposedly new comet of the eighth magnitude is announced in a cablegram received at the Harvard Observatory from the astronomical clearing house in Copenhagen. It is to be called Rold's comet.

Twenty-seven rebels have been executed by the military authorities in Oaxaca City in reprisal for the massacre of a small Federal column which was annihilated by rebels in San Miguel El Grande on January 12.

President Kruger's traveling wagon which it was announced in November, the City of London corporation had decided to offer to the Dominion of South Africa had been shipped to South Africa.

So many gold nuggets are being stolen by prospectors of the gold fields on the Lena River in Russia that the directors of the Lena Corporation have threatened to suspend work if thefts do not cease.

Aerial passenger service between Rome and Vienna has been opened. Twelve persons made the initial flight in a three-motored plane of 720 horsepower. The aerial trip between the two capitals will occupy only six hours as against 32 hours by train.

Full agreement on the disarmament questions which have been the subject of protracted negotiations between the Allies and Germany has been reached and there are no problems to be turned over to the League of Nations.

The Supreme Court of Canada in a judgment holds that the Mine Owners' Tax Act (1923) of Alberta is invalid. The appeal of California Culleries, Limited, vs. the King on the question of the validity of the tax is allowed with costs and the action is also dismissed with costs in the Supreme Court of Canada and the appellate division of Alberta.

Official Weights Are Lost

Put Away for Safe Keeping Cannot Now Be Found

Lost—The standards of Canadian commerce.

Somewhere in Ottawa, probably in some obscure corner of a dusty vault is a great iron bound chest which it would take six men to lift, containing the official weights and measures of Canada. With elaborate ceremony the standards received from England in 1874 were given in custody of the commons back in the seventies and placed in "safe keeping." They apparently were well hidden for today Mounted Police, secret agents of the government and House of Commons protective service officers are searching so far without result for the valuable weights.

Hubby—"Kind hearts are more than coronets."

Wife—"Why, Henry, that isn't right. It's kind hearts are more than coronets."

Hubby—"Well, I knew it was some kind of a musical instrument."

Every girl should know how to flirt in order to be able to refrain from doing so.

Consumption of hard liquor in Germany last year was only one-third that of pre-war times.

W. N. U. 1467

Is Universally Known

Prize of Wales Attracts More Attention Than Any Other Person

"He is talked of in places where the great war was never more than a vague rumor. On the N.W. frontier of India I have seen the eyes of a wild Afghan gleam with interest at the mention of his name. A group of naked Barotse hunters around a camp fire in the basin of the Zambezi invited me to applaud a legend of his hunting prowess. I saw his photograph hanging in the mud hut of a Gikha chief in the Sudan. I could have bought picture postcards of him in most of the bazaars of Egypt. I once heard some river Arabs discussing him fantastically on a Tigra mahalla."

At a dinner party in a villa on the Bonaparte I asked by Turkish host to interpret the subject of an eager wrangle that was in progress at one end of the table. "The extract quoted is from the first chapter of 'H. R. II.—A Character Study of the Prince of Wales,' by Major P. E. Young, M.C. The writer records similar experiences in Vienna, Paris and the United States, which, though less remarkable, support his statement that the prince attracts more universal interest than any living person."

Tramp Steamers Disappearing

Are Being Gradually Replaced by Scheduled Ocean Liners

Tramp steamers, picturesque wanderers of the sea, are gradually giving way to ocean liners operating on specific routes on regular schedules. In the face of the war, the Commerce Department announces, there were 42 tramps to every 58 liners operating by corporations, and the competition of these unregulated vessels greatly affected the ocean freight rates of the world. Today there are only 27 tramp steamers to every 73 liners, and the old-time ship, free to come and go as cargo offered, will soon completely disappear from the seas.

"Ideal Fashions" by J. Van der Linde

Shirring is Modish This Season

This charming frock would be very effective if fashioned of crepe satin or velvet. The two-piece skirt is shirred to the bodice in an attractive manner, thereby achieving a soft self-trim. Tulle is fastened at the left side of the round neck and falls gracefully to the hem. Long sleeves may be added and would make this a very smart afternoon frock. No. 1496 is for misses and young women. It is sizes 16, 18 and 20 years. Size 18 (36 bust) requires 2 1/2 yards 34-inch material or 2 3/4 yards 34-inch, and 5 yards 34-inch tulle; 3/4 yard tulle. Price 20 cents the pattern.

Home sewing brings nice clothes within the reach of all, and to follow the mode is delightful when it can be done so easily and economically by following the styles pictured in our new Fashion Book. A chart accompanying this book shows how material as it appears when cut out. Every detail is explained so that the inexperienced sewer can make without difficulty an attractive dress. Price of the book 10 cents the copy.

NAY & JAMES
REGINA, SASK.
Established 1905

Is Now Important Industry

Cost of Raising Reindeer in Alaska is Very Low

More than 250,000 reindeer, distributed in 110 herds, are now being kept in Alaska, according to statisticians and thirty-three and forty-five per cent. annually. Within recent years, the raising of the animals has become an important industry. They are known as "three-way" products, useful for food, clothing and for transportation, and in some sections, are supplanting the dog teams for hauling. The cost of producing averages only about \$1 a year for each reindeer, while prices of \$10 to \$12 are realized in the butcher markets. Between 1918 and 1925 nearly 2,000,000 pounds of reindeer meat was exported from Alaska. The government is endeavoring to improve methods of control and management of herds and the grazing facilities. It is said that the country can afford pasturage for at least 3,000,000 animals.

SICK CHILDREN LOVE "CASCARETS" FOR THE BOWELS

Give "Candy Cathartic" for a bad cold, sour stomach, constipation

Get a ten-cent box now. Most of the ills of childhood are caused by a sour, disordered stomach, sluggish liver and constipated bowels. They catch cold easily, become cross, listless, irritable, feverish, restless, tongue coated, don't eat or sleep well and need a gentle cleansing of the bowels—but don't try to force a constipating dose all into the little one's already sick stomach—it is cruel, needless and ill-fated. Any child will gladly take Cascarets Candy Cathartic which acts gently—never gripes or produces the slightest uneasiness—without causing the least harm. The little one's system, sweeten the stomach and put the liver and bowels in a pure, healthy condition. Full directions for children and grown-ups in each package. Mothers can rest easy after giving this gentle, thorough laxative which costs only 10 cents a box at any drug store.

Agriculture in B.C.

Farming Population Has Doubled Within Ten Years

There are 22,000 farmers in British Columbia and a total farm population of 90,000, according to the Hon. E. D. Barrow, Minister of Lands. He pointed out that the farm population has doubled in ten years and that within this time dairy products had risen from \$3,000,000 to \$10,000,000 in value. Total farm production rose during the ten-year period of 1915 to 1925 from \$31,000,000 to \$85,000,000.

IF STOMACH IS TROUBLING YOU

Instantly! End Indigestion or Stomach Misery with "Pape's Diapensin"

As soon as you eat a tablet or two of "Pape's Diapensin" your indigestion is gone! Heavy pain, heartburn, flatulence, gases, palpitation, or any misery from a sour, acid stomach ends. Correct your stomach and digestion for a few cents. Each package guaranteed by druggist.

Adopt English Word "Home"

The French have adopted the English word "home." The lack of its equivalent in the French language always has been remarked by English-speaking people, with an air of patronizing pity. Department and furniture stores now advertise articles for "home," and newspapers use this word as a caption for domestic and women's news.

Criticism like charity, should begin at home.

Canada's Urbanization

(By C. W. Peterson)

The sluggish ranches in the minds of thinking people that insufficient attention is devoted in Canada to the problems of our countryside compared with that devoted to our urban centres. At any rate, the rapidly with Canada is building up her towns and cities may well give cause for serious thought. Between the census year 1891 and that of 1921, Canada's rural population increased by a little over one million, while her urban population increased by a little under three millions. During that period there was an enormous increase in urban population in every province, while there was an actual decrease in rural population in five provinces with Ontario barely holding her own. In 1891, 60 per cent. of our population was engaged in agriculture. In 1921, only 50 per cent. worked the land. Each census period sees the proportion of agricultural population diminishing at an astonishing rate. This must be regarded as a disastrous development in an overwhelmingly agricultural country such as Canada undoubtedly is.

Plausible explanations of this phenomenon are offered. The favored one is that the increased mechanization of agriculture is displacing workers on the land. But that argument won't hold water. Mechanization has been even more startling in urban industry than in agriculture, which might not unnaturally be supposed to release an even greater number of workers for the farm. There are, however, adequate reasons for this ominous development. The simple story is that life in the town is less laborious, is better paid, is more interesting and amusing, gives more leisure hours, admits of greater personal comfort and agreeable social conditions. In short, in spite of all the "high falutin'" theories about the occupation "fed by the bounty of earth and sweetened by the air of heaven," the farm, being generations behind the town in conditions of life, can no longer compete with it. That is all there is to this apparent social mystery.

The greater marvel is undoubtedly the ability of the urban community to absorb any mass of new workers. Agricultural over-production is conceivable because there is a limit to food consumption. Industrial over-production is more difficult to visualize, as there is, theoretically, no limit to the demand for manufactured articles except the incidence of purchasing power. With the increase in urban populations and the centering of economic life in the factory, the office, the store and the bank, public opinion naturally becomes urbanized and concentrated more and more upon problems of industry, trade and finance. With the development of new forms of industrial, financial and commercial organization, the chief concern of the productive population and of government has gradually been monopolized by these issues.

The mind of Canadians has, to an increasing degree, been occupied with the problems of creating the comparatively vast industrial society that has developed in this country. Our lawmakers have vaguely impressed public imagination as being to all practical purposes almost inexhaustible, so that we have given little thought to the problem of their utilization. The agricultural consciousness of the people at large has, in fact, become less intense. Canada must, in the future, concentrate her attention on rural colonization. With a sound and increased agricultural production, as a foundation, our urban development will easily take care of itself.

Equal Rights for Women

Urges Franchise Be Granted to Women 21 Years of Age in Britain

Premier Baldwin is receiving a petition from members of all parties in the British house of commons, which urges that the franchise be granted to women 21 years of age or over. The government has already promised to give women equal privileges with men, but it is believed that the government may consider that the proper way to proceed is to set the qualification age of both sexes at 25. Women of 30 years of age, subject to certain limitations, are already allowed to vote. Men, of course, can vote at 21 years of age.

Many English people caused their friends some thought and confusion by sending them a Christmas card in the form of a cross-word puzzle, which, when solved, reveals the identity of the sender.

Mrs. W.—"Why did you tell Dave you married me because I'm a wonderful cook?"

Mr. W.—"But I had to give some excuse!"

The Best Laxative He Ever Tried

Mr. W. J. Dorlon, New York, writes: "Stick headache, indigestion and constipation have troubled me for years. I tried everything but I can truthfully say your CARTER'S LITTLE LIVER PILLS is the best laxative I have ever used. I find that they are small, easy to take and their action does not pain me. They keep me regular and I want to tell you how I appreciate this purely vegetable medicine, knowing, due to my experience in laboratory work that laxatives containing Mercury, Calomel and other poisonous drugs are injurious."

CARTER'S LITTLE LIVER PILLS are sugar coated, small, easy to swallow, and everyone in the family can take them in perfect confidence as they are a doctor's own formula. CARTER'S LITTLE LIVER PILLS in red packages 25c. and 75c.

SUNDAY SCHOOL LESSON

FEBRUARY 13.

MAKING OUR HOMES CHRISTIAN

Golden Text: Let us love one another; for love is of God.—1 John 4:7. Lesson: Ephesians 5:25 to 6:4. National Reading: 1 Corinthians 13:1-7.

Explanations and Comments

1. The Duty of Husbands to Love Their Wives. 5:25-33.—Husbands, counsel Paul, "love your wives, even as Christ also loved the church, and gave himself for it." Paul sets a high standard for a man's love for his wife when he declares that it should correspond to the self-sacrificing love of Christ for the church, that it should be capable of suffering and dying for her as Christ died for the church.

"Would we codify the laws that should reign in households, whose daily transgressions annoy and mortify us and degenerate our household life, we must adorn everyday with sacrifice. Good manners are made up of petty sacrifices." (Emerson.) Paul goes on to state the object of Christ's sacrificial death—the setting apart and consecration of the church by cleansing of guilt by baptism "in accordance with the divine promise (or, on the ground of the preached word of the Gospel)," with a view to its ultimate presentation to himself as a glorious church, holy, without spot or blemish. Even as Christ loved the church, so ought husbands to love their wives. He that loveth his wife, loveth himself.

"Although the husband's love for his wife may be compared to what is called his love for himself, inasmuch as it leads him to regard her welfare as his own, and to feel all that concerns her as if it concerned himself, the two loves are certainly different in their essence. There is no emotion in self-love; it is the product of reason, not of feeling; and it is a 'law' of man's nature, not in the sense of obligation but in the sense that it necessarily belongs to a rational creature. The basis of conjugal love is altogether different, and it is to be found not in the nature of man, but in the affections. The love is reinforced by reflection, and made firm by the sense of duty; but it can never become a merely rational regard for another's happiness, as 'self-love' is for one's own."—(T. K. Abbott.)

Moving pictures were first presented at Koster & Bial's music hall in New York City, then Edison's cinematograph was used to throw pictures on a screen.

Warden—"What! You back again?"

Convict—"Yes, Any letters or parcels for me."

Freeing Slaves in Burma

British Government Issues Order and Promises Compensation to Owners

The British Government has ordered the abolition of slavery in Burma. Sir Harcourt Butler, Governor of Burma, at a reception of the Kachin chiefs of the districts known as the Triangle announced:

"Henceforth slaves must not be sold, given as part of dowries or in settlement of feuds: neither may families of slaves be broken up."

Immediate arrangements will be made for the release of slaves and compensation will be paid to the owners by the British Government.

It was estimated that 5,000 slaves will thus become free citizens.

Became So Weak Could Hardly Stand

Mrs. Wm. Palmer, Tomahawk, Alta., writes:—"Last spring I had a long spell of sickness and became so weak I could hardly stand. I could not sleep at night as the least little noise would wake me up. I tried blood tonics and other nerve pills, but they did me no good, and I was getting worse. I wrote my mother about my condition, and she sent me three boxes of

MILBURN'S HEART NERVE PILLS

After the first box I was feeling much better, so I kept on until I had used the three boxes, and now I feel as well as ever I did when I was a young girl." "Prior to a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto."

Alberta Oil Production

Exceeds petroleum production, will exceed 200,000 barrels for 1926, when all returns are in, according to Government estimates. This compares with 153,000 barrels in 1925. The production of Royaltone No. 4 well, in Turner Valley, exceeded 100,000 barrels for the year up to November 30th, the average production being 628 barrels of naphtha per day.

Old Lady—"Don't your friends ever come to visit you?"

7142—"No, they're all here with me."

This Trade Mark Is Worth Thousands

To look at the simple little trade mark shown above, the average man or woman would not think that it is worth many thousands of dollars—but it is.

Any first-class Baker, knows that it is the mark of quality which is stamped on all our waxed paper and which means that the paper is absolutely pure and sanitary.

Only the Appleford Company can use it and that's why the best Bakers buy their paper only from Appleford. It is a real protection for their food stuffs and a real protection to your health. Look for this Trade Mark on all paper when you buy food products.

We also make the famous Para-Sani Waxed Paper for household use.

"Now then, what should a polite little boy say to a lady who has given him a penny for carrying her parcels from Thompson's to the Greenhill hotel?"

"Little Boy—"Madam, I'm too polite to say it."

Senator Farabee died suddenly at Saratoga, Ontario, on Friday night last.

Mrs. (Dr.) Lillie is able to be out, following her recent operation for appendicitis.

When a man keeps his wife in the dark, he shouldn't expect her to make light of it.

Did you ever know of a man's record that would sound good on a gramophone?

"This isn't all it is jacked up to be," said the owner of a second-hand car, as he started to fill a new tire.

See our stores for special prices on Saturday.—P. Burns & Co., Limited.

The appointment of Mr. Arthur Joseph Kelly, of Blairmore, as a justice of the peace, has been gazetted.

In the States, the little red school house of yesterday has been succeeded by the little wet road house of today.

It is said that a Labor M.P. is going to move for taxation of stout people, so that we can live on the fat of the land.

A railway contractor advertised for one hundred and fifty sleepers, and a Coleman clergyman offered his whole congregation.

Toronto is to have a new Statler hotel with 1040 rooms and to cost six million dollars. It will be the largest hotel in Canada.

Blairmore Taxis-Juniors lost the right to enter the provincial finals, by being defeated by Nanton Juniors on Tuesday night at Nanton.

Coleman Journal—Little Peggy Devine, daughter of Mr. and Mrs. C. J. Devine, 6th Street, who has been seriously ill with pneumonia, is now happily on the road to recovery.

Commencing this Saturday, February 12th, all local stores will close at 9 o'clock sharp. The public will do well to bear this in mind and so help the tradesmen by shopping early on Saturday.

Once again the power of advertising has been proven. A "lost" notice was left at our office this forenoon and before our type had reached the press the lost spectacles were restored to the owner.

Mr. Frank Wheatley, Alberta president of the Mine Workers Union of Canada, was down from Calgary during the week, visiting towns through this district in the interest of organization, which work is said to be progressing favorably.

Work of erecting the large coal washery for the West Canadian Collieries, Limited, will shortly commence near the Bellevue tipple. The new washery will be very similar to the modern plant erected at Blairmore a couple of years ago and now in use.

See our stores for special prices on Saturday.—P. Burns & Co., Limited.

Last week, the West Canadian Collieries, Limited, distributed some five hundred or more of the most attractive calendars we have seen this season. The scenes on the calendar are all of local interest, such as views of the tipple and coal washery at Blairmore, etc.

James Coultas was in town from Cranbrook on Monday, displaying a new line of foot togs for flappers. Some of them carried such designs as the flapping or nodding heads of rabbits, chicken, sheep, horses, cattle, etc., all looking silly enough to serve the flapper trade.

It is told of a certain school professor that a girl student asked him whether peroxidizing the hair was injurious to the brain.

"No," replied the professor, positively.

"Why, I've heard it is," said the student.

"No," repeated the professor. "Any person who peroxidizes the hair hasn't any brain to injure."

None but the brave deserve the fair. And none but the brave can live with them.

Some have gone so far as to ask if God willed the condition of Cowley's main street.

On a dinner menu the other day we noticed cold slaw and vermouth read "Cold Slaw" and "Corticeil."

At the age of sixteen a girl knows more about men than a man at the age of sixty knows about women.

Mr. W. Jenkins, of the Grand Union hotel, Coleman, was recently called to Vancouver, owing to the serious illness of his mother.

Dr. and Mrs. J. McConaghy expect to leave Coleman on Tuesday next for Windsor, Ontario, where they intend to make their home.

In a battle fought in 189 before Chester, one army filled jars with feathers, set them on fire and blew the smoke with bellows into the faces of their enemies.

Harry Gate, senior, who has been undergoing treatment in the Coleman hospital, has gone to Edmonton for further treatment at the Alberta University hospital.

The annual sessions of the Alberta Grand Lodge of the L.O.O.F., the Grand Encampment of Alberta and the Alberta Rebekah Assembly will be held at Calgary next week.

See our stores for special prices on Saturday.—P. Burns & Co., Limited.

The mayor and council of the town of Claresholm were strongly criticized at the annual meeting of ratepayers, for their liberality in presenting bank officials with jewelry at Christmas time.

We actually saw a Scotchman a few days ago treating his six friends to five sticks of Wrigley's chewing gum. Now we know why Wrigley felt so anxious to finance that Catalina Channel swim.

Frank Harding was in from the logging camps on Saturday last, his first visit in about three months. Upon arrival here, he was mistaken for a number of parties for the new Doukhobor leader.

A good one is told at Bellevue. A high school class was being lectured by Principal McLean on various land formations, describing occasionally certain mineral quartz. He then asked a lad to name one of the quartz. The lad's answer came promptly: "Imperial."

At the recent annual meeting of ratepayers of Blairmore School District, the ratepayers were informed by Chairman Chappell of the Board that no inspection of the Blairmore public or high schools had been made during the year 1926. The ratepayers should demand an explanation from the department of education.

The Coleman Journal is justly getting after the town council of that town for not complying with the towns' act by having the annual financial statement of the town published in the local newspaper. In this regard, the towns' act requires that such be published in the local newspaper. Otherwise an alternative of having every ratepayer furnished with a printed copy of the report.

A Valentine dance will be held in the Union hall at Hillcrest on Monday night next, under the auspices of the second generation of Sheikhs. A feature will be a Charleston competition, and for this purpose the sides of the building are being removed to allow of sidekicking. Competitors will be obliged to have heavy chain attachments to their legs and arms to prevent the stars being kicked out of their positions. Mrs. Altmann's orchestra will accompany.

Local and General Items

Newfoundland is experiencing a mild winter and floods have threatened certain districts.

Mrs. B. R. Buchanan is spending a few days in Lethbridge with her sister, Mrs. C. M. Watson.

If the printing of crime news makes criminals, why doesn't the printing of recipes make good cooks?

Someone has remarked that the present day balloon pantaloons constitute breeches of the piece.

See our stores for special prices on Saturday.—P. Burns & Co., Limited.

Dean Sherman will be consecrated bishop of Calgary at a special service of the Pro-Cathedral of the Redeemer at 10.30 a.m. on Thursday, February the 24th.

We learn that a Manitoba Scotchman has offered \$500,000 cash to the first person to swim the Atlantic from Halifax to Glasgow. They're weakening every day.

A concert will be held at the United Church during the second week in March, under the auspices of the church choir. Proceeds will go towards the organ fund.

A well known citizen of Coleman is quite elated over the prospects of having his liquor permit fee refunded to him shortly and intends to invest the amount in a Ford car.

Rev. Walter Cox, of Toronto, owing to ill health, has disposed of his interest in the Dominion Independent Oldfield, of which he has been editor and publisher; in order to take an extended holiday in England.

Richard Coates and Ed. Grove, of Cowley and Lundbreck, respectively, both of whom have been very critically ill, are now feeling practically as well as they ever did, although Mr. Grove is still unfit for work.

Rev. H. A. Coyle, rector of St. James church, Saint John, N.B., was appointed the archdeacon of that city, succeeding Archdeacon Crowfoot, who is succeeding Dean L. R. Sherman as dean of Quebec.

On Monday, February the 14th, the Ladies Aid of the Bellevue United Church will hold a Valentine Tea in the ladies' parlor. It is going to be a very nifty affair and big crowds are expected. Come, you are invited.

The next regular whist drive and social under the auspices of Greenhill Temple No. 10, Pythian Sisters, will be held in the Lodge Hall on Wednesday night next, February the 16th, at 8 o'clock. A special attraction will be a door prize.

H. D. Gerry will conduct auction sales as follows: On the Dumont ranch (Bougerolle homestead) on Saturday, March 5th, and on the Bougerolle ranch on Tuesday, March 1st. For further particulars see bills and ads elsewhere in this issue.

See our stores for special prices on Saturday.—P. Burns & Co., Limited.

Mrs. T. Muir, Master Tommy and baby Monica, together with Mrs. Muir's father, Mr. William Harrison, left Coleman Sunday morning last for Lulu Island, near Vancouver, where they will take up residence on a fruit ranch recently purchased by Mr. Muir. Before leaving Coleman, Mrs. Muir was tendered a farewell party by the Pythian Sisters.

The Pontiac Cup bonspiel will be held in Coleman on Monday and Tuesday next, February 14th and 15th. All local rinks intending to enter should hand their names in to M. H. Congdon on or before Saturday, so that he can have them entered in time for the drawing, which will be made on Sunday. This competition will be run on the same principle as the Studebaker bonspiel.
